About Avalue

Since established in 2000, Avalue has spent much effort providing both customers and employees benefits and satisfactions. We not only expect ourselves to be a leader in this industry, we also create a very good working environment; because I believe a successful enterprise is not just making lots of money or having a big company. It is having a stable company with steady growth, and having an excellent reputation. I hope that Avalue will be like this kind of business.

Alice Liu
President

Why Avalue

■ Missions

Avalue delivers intelligent embedded solutions and services to satisfy our customers and keep them ahead in their line of business. No matter if it is a modification to an existing standard product or a pure idea from conceptual scratch, our design team is aimed to achieve every need of customer requirements.

We believe strong organization, innovative technologies, and complete manufacturing processes will results in efficiency, cost-savings, and customers' delight.

■ Expertise

With a well integrated hardware and software design team, Avalue provides not only the most outstanding technologies in embedded industry, also customized solutions. Besides, benefiting from organized manufacturing planning and strict process controls and post-sales services, we have built up the long-term relationships with customers.

In the future, we expect ourselves to accurately predict the market trend and learn about the latest technologies to enhance and maximize the benefits to both of our customers and us.

➤ System Solutions

System Solution Map

Avalue has developed a full range of modular-design, barebone systems to offer its customers the major advantages of affordable cost, rapid development, and scalable flexibility in system performance. All enclosures are designed with a high quality cooling mechanism that increases heat transfer efficiency. Avalue offers these fanless designs to ensure high reliability for any space or thermal concerned application.

ID Development

The Avalue team uses computer-based modeling, simulations, and visualization techniques to test different solutions that satisfy functional, aesthetic and ergonomic considerations. The MTP-1702 terminal has a slim-line design and a modern sleek look that is adaptable to a diverse range of environments.

Modular Configuration

Avalue can also apply modular architecture to maximize system flexibility. The MTP-1702 series is designed to be flexible enough for many custom configurations. Modular features include options for a magnetic strip card reader, SCR, VOIP, Bluetooth, RFID, barcode scanner, and more.

User-friendly Design

MTP-1702 utilises state-of-the-art touch screen and flat panel display technology to deliver exceptional image quality and accurate interaction with the terminal. Users can use a fingertip, stylus, or credit card for easy and efficient operation.

Networked Functionality

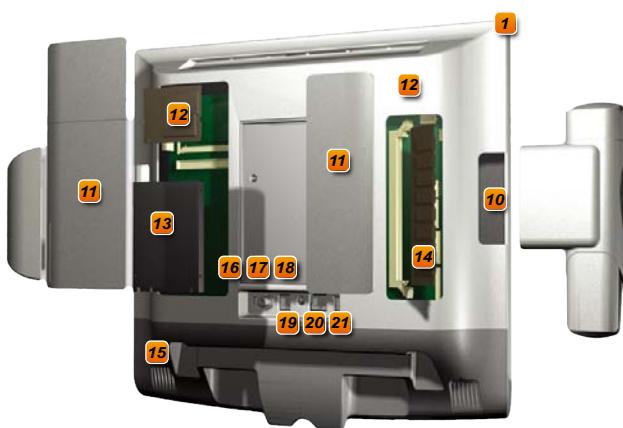

Equipped with the latest LAN chip and mini-PCI slots, MTP-1702 is geared to high-speed LAN connectivity. Bluetooth enabled and RFID options can respond to present and future information distribution and Internet application needs.

Flexible Expansion

2 USB and a serial port will accommodate a variety of external peripherals available from the front panel of the terminal. The rear panel supports LAN, RJ-11, coax USB 2.0 and video/audio in.

Versatile Installation

Flexible mounting accessories allow installation of the MTP-1702 terminal in various locations. Options include wall mount brackets, desk stands and articulating arms that interface with the MTP-1702 terminal VESA mounting arrangement on the rear.

- 12 Wireless connectivity options for Bluetooth, RFID and even GSM/GPRS applications
- 13 Accepts 40GB hard disk drive/IDE disk on Module
- 14 Access to memory for upgrading
- 15 Integrated stereo speakers for high-quality audio
- 16 Mini USB connector custom configured for Video/Audio in
- 17 Coaxial connector for analog/digital video delivery (optional)
- 18 RJ-11 connector for future usage
- 19 Power provided via AC/DC PSU for increase reliability/maintenance
- 20 Integrated 10/100 Ethernet provides the speed and bandwidth for LAN communications and Internet access
- 21 USB 2.0 for connection to optional devices
- 22 Industry standard VESA mounting for arms, stands and wall brackets
- 23 Smart Card reader SCR (optional)

- 24 Integrated 2D barcode Scanner (optional)
- 25 Headset port
- 26 Microphone port
- 27 Two high-speed USB 2.0 ports
- 28 15 way Dsub
- 29 Air inlet

➤ POS/Kiosk/Signage Solutions

ahis Series

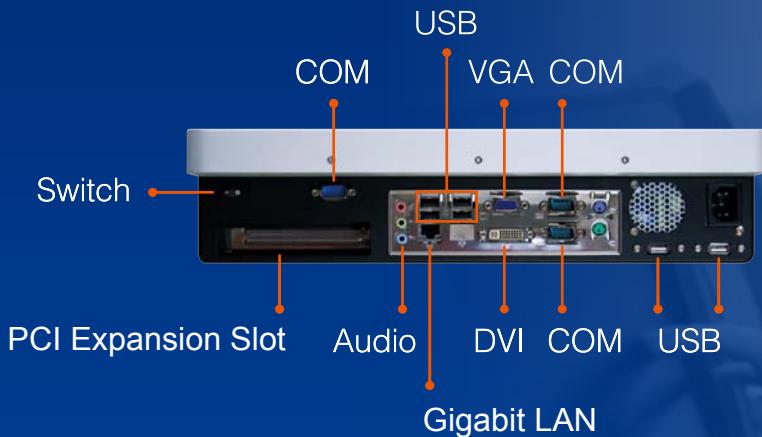

The Avalue ahis series Panel PC is a versatile and comprehensive system which offers high performance, scalable board options and industrial-grade durability. Slim design and customizable installation options make it easy to integrate the system into virtually any space design. This cost-effective and versatile solution is ideal for today's fast growing widescreen presentation applications such as Kiosk, information terminal and digital signage.

- Applications and solutions with enhanced functionality.
- Conventional 4:3 LCD or Wide Screen 16:9 LCD, Touch function.
- Gigabit LAN, Optional Wireless LAN.
- Multi-media, recording and monitoring powered by Intel CPU and advanced graphics technologies.
- Rich I/O and legacy support for the connection of external devices, wide expansions and system integration.
- Modular design to increase system flexibility, cost-savings, ease of maintenance and speed of prototype delivery.
- Maximizes customers' investment return by offering Windows Embedded for Point of Service (WEPoS) and software support.
- Outstanding hardware designs with VESA compliant, compact size, smart thermal solutions, green materials (RoHS, lead-free) and ID design.

Fast Prototyping Service

Based on modular design concept, this series products come 80% ready in case design and scalable PC board options. This helps the customer to reduce development time at least by half.

Taylor-made to your requirement

Avalue designs and manufactures a full range of tailor-made all-in-one boards and all-in-one systems for POS/Kiosk . Our aim is to satisfy various POS/Kiosk application requirements. Starting with a glance at the board solution and System Solution illustrated herein, you can be sure that the Avalue design team is fully prepared to listen to you and fulfill all your custom design needs.

Modular Configuration

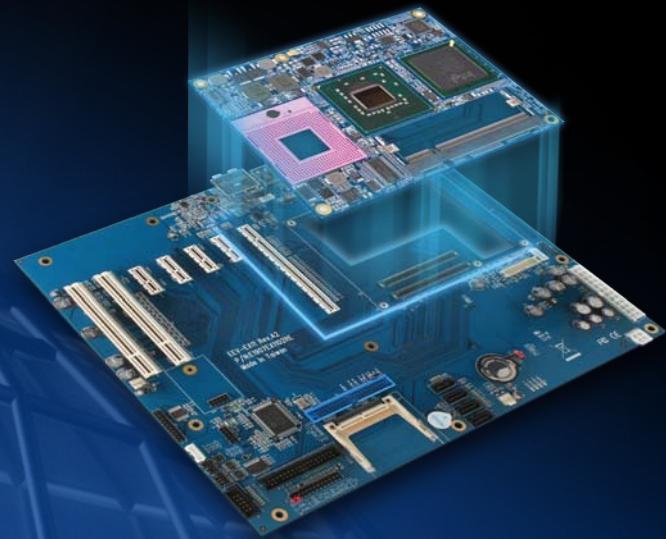

If you are looking for a reliable Panel PC solution that meets your specific requirements within your budget and time constraints, you can count on Avalue's this series products. Avalue Panel PC products offer versatile customization options while significantly reducing development cost.

➤ Design Services

A Team of IPC Experts

Intelligence, Experience & Excellence

With a wealth of experience in the IPC industry, Avalue's design and development team is capable to quickly transform the customer ideas into viable computing solutions. Our team is skilled in streamlining the development process and develops most products with seamless integration between hardware and software. Customers can therefore focus on their core business, knowing that less time will be spent on prototyping. This integrated service creates an increase in the overall efficiency and time-to-market advantage.

● 30-day Baseboard Prototyping Service

80% Standard, 20% Tailor-made

The ETX Computer on Module (COM) series offers fast customization. We deliver a 30-day prototype with a two-phase design, 80% standard and 20% tailor-made upon request. This saves customers at least 60% in both development time and cost. Avalue's ETX products and baseboard prototyping service (BPS) delivers timely products with more flexibility, scalability and reliability.

- 1 ➤ **Select COM Engine**
Test different ETX CPU modules to meet your system requirements
- 2 ➤ **Select Function Block**
Choose interfaces for storage device connection or use them for software compatibility tests
Select expansion slots for extra system functions
- 3 ➤ **Select I/O Connectors**
Identify various I/O interfaces for external peripheral connections
- 4 ➤ **Draft PCB Placement**
- 5 ➤ **Confirm Specification**

● New Product Development Process

Optimized Design-to-production Process with Quality & Efficiency

Avalue has established the New Product Development Process (NPDP) to optimize project output, and shorten the product development cycle. It is oriented toward customer demands and market opportunities. The NPDP integrates all development capacities and resources throughout the company, including planning, projecting and implementation. The result of this integration is a full optimization of the product design for volume manufacturing and quality fulfillment.

➤ Manufacturing

Green Manufacturing

Avalue conducts its business in a manner that respects, preserves, and improves the environment. The company is committed to total quality management that applies to a full range of manufacturing and design services. Also, Avalue is devoted to approaching green manufacturing aimed at reducing the energy and hazardous material throughout the product life span, starting from original design, component acquisition, manufacturing, all the way through its transport, usage, and disposal.

- **Lead (Pb) Free**
- **RoHS (Restriction of Hazardous Substances)**
- **Hazardous Substance Control**
- **Green Products**

Approaches to RoHS Compliance

According to RoHS directive (2002/95/EG), Avalue has initiated a series of action plans to comply with RoHS regulations since 2004. The first RoHS compliance product has been assessed by third party laboratory with successful qualification in August 2005. The report verifies the facts that Avalue is capable to monitor RoHS manufacturing process, and ensures its manufacturing achieves 100% lead-free quality. Check for regular status updates available online at the Avalue website.

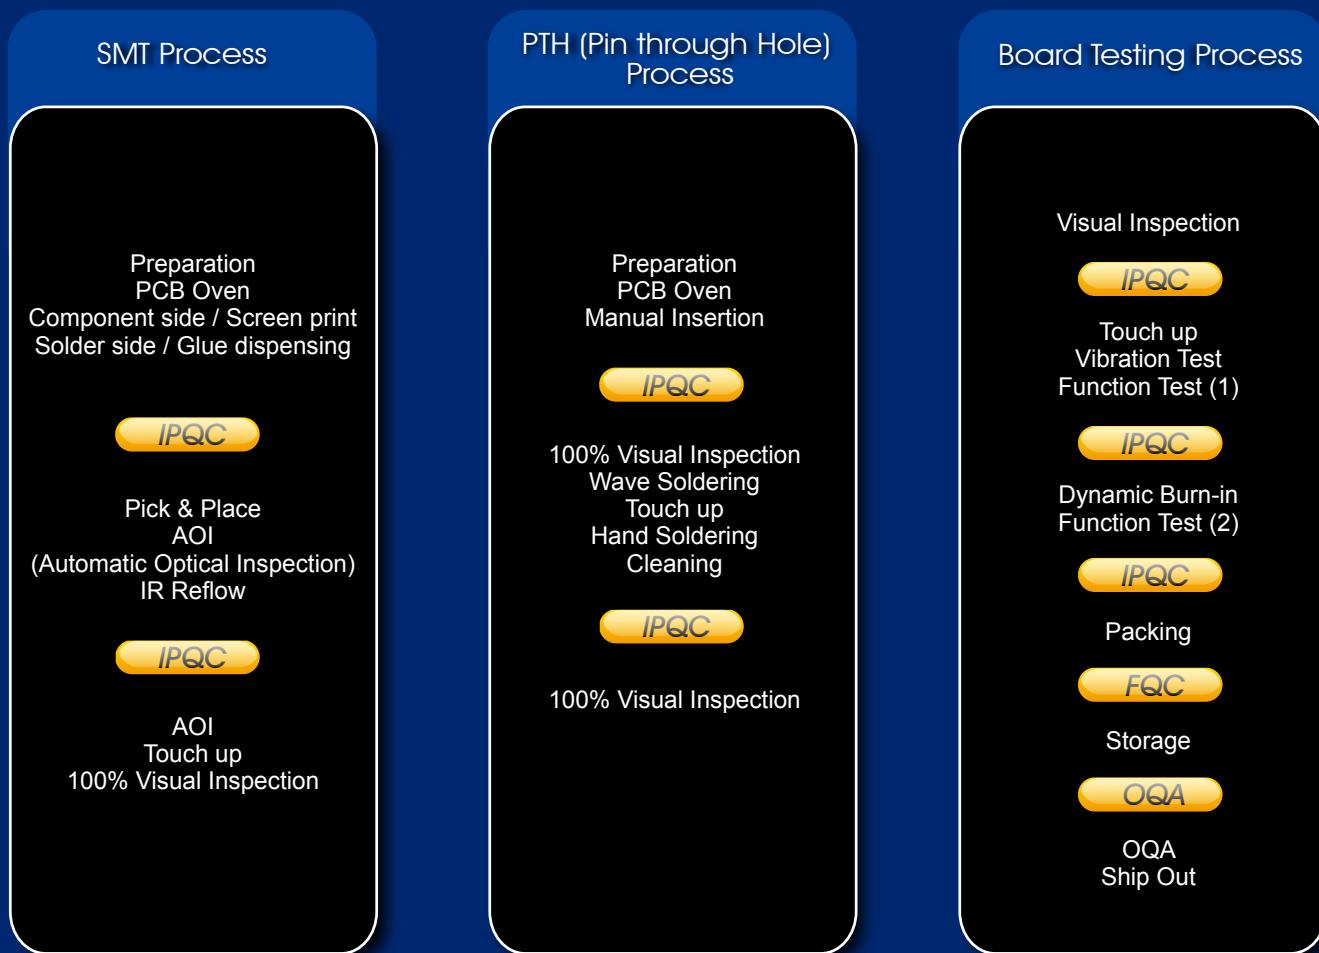

Component Quality Control

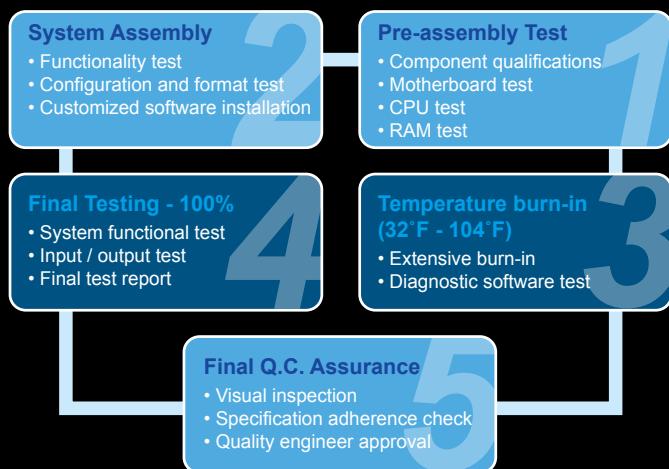

Avalue applies handheld XRF (X-ray fluorescence) analyzer to detect the banned substances from incoming inspection to component release. It becomes a standard procedure to accurately examine alloy grades based on the elemental composition, and therefore ensure all components qualified with RoHS compliance.

Board Manufacturing & QC Processes

System QC Processes

Quality standard set for customer satisfaction

Customer satisfaction and quality management are at the top of Avalue's priority list. Avalue considers customer satisfaction in every aspect of quality control and implements a quality assurance system throughout the entire product life cycle. Every model strictly complies with CE, FCC and other certified standards. All business processes are conducted in accordance with ISO-9001 standards to ensure quality assurance.

Sales Services

Listen & Respond to Your Needs

Avalue's sales people listen to customer needs, and provide the best-fit advice to the needs with their in-depth experience. A full analysis of system requirements will be carried out from the project study throughout the project implementation. We greatly value the opportunity to respond to customer inquiries, so please do call any of our worldwide branches, or write to us at sales@avalue.com.tw. Our sales staff is committed to responding to any of your inquiries within 24 hours during working day.

Technical Services

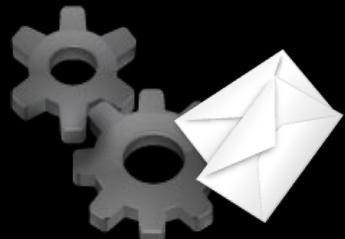

Carefree System Development

Avalue offers a 24/7 technical database service right at your fingertips. Simply click to access our service Web site at www.avalue.com.tw. The web site provides the most update information and free download services including BIOS, drivers, utilities, reference manuals, and data sheets.

e-RMA Service

Hardware Warranty Support

Avalue provides eRMA (Return of Material Authorization) service that helps the customers to return the defective products with easy and interactive operation. This real-time service allows customer to submit RMA requests and check the status online. Customers may check the online flash user-guide for the complete process demonstration, or write to us at rma_service@avalue.com.tw if any question.

Software Services

Commitment to intensive OS test and support

Extending Avalue's proven expertise for embedded hardware platforms, Avalue has built up a sound capability in embedded OS support. All hardware products are delivered with certified device drivers with optional preinstalled Embedded WinCE.NET or Embedded Linux.

Microsoft Embedded Windows OS

As a valued Windows Embedded Partner (WEP), Avalue provides Microsoft embedded OS consulting, training, and support. Avalue is authorized with board manufacturer limited distribution right for the latest Windows CE.NET as well as Windows XP/2000/NT Embedded.

Embedded Linux OS

Nearly all Avalue products will support the Linux operating system. Though Avalue's Linux support is limited to driver availability, Avalue has developed business relationships with system integrators who specialize in developing Linux solutions.

➤ ETX Carrier Board & EPIC SBC

EAP-EX95 NEW

Mini ITX Carrier Board for ETX

- Battery Backup 512K x 2 SRAM
- Security IC Protection
- JAMMA Interface
- LAN, AC'97 Audio, 1 CF II
- 4 COM, 4 USB, 64-bit GPIO

EAP-EX52 NEW

5.25" Slim Carrier Board for ETX

- VGA / LVDS / Audio / TV-out Interface
- LAN, optional 1 GigaLAN
- 2 RS-232, 8-bit GPIO
- 1 Mini PCI, 1 CF, 2 COM, 4 USB

EPI-CX700 NEW

VIA CX700M Eden V4 EPIC SBC

- VIA CX700M supports MPEG-2/4 / WMV9
- DVI, LVDS, Dual View, HDTV
- Dual LAN, Optional 1 Gigabit LAN
- 1 PCI-104, 1 CF II, 2 SATA, 2 COM, 4 USB
- Optional Touch Screen I/F

EPI-LX800 NEW

AMD Geode LX800 EPIC SBC

- AMD Geode LX800 / CS5536
- TFT, LVDS, Dual View, 2-CH Audio
- Dual LAN, Optional 1 Gigabit LAN
- 1 PCI-104, 1 CF II, 2 COM, 4 USB 2.0
- 16-bit GPIO
- Optional Touch Screen I/F

ECM-3723

Intel® 852GM Celeron® M EPIC SBC

- Intel® 82852GM GMCH / 82801DB ICH4
- LVDS, Dual View, 5.1-CH Audio
- Dual LAN
- 1 PCI-104, 1 CF, 1 COM, 4 USB 2.0
- Optional Touch Screen I/F

ETX Carrier Board

	Mini ITX Form Factor 6.7" x 6.7" (170 mm x 170 mm)
Model Number	EAP-EX95
Page No.	P. 1-16 NEW
CPU Module Socket	ETX
I/O Chip	Winbond W83977EF-AW
SSD	CF Type I/II
Expansion	1 PCI
CardBus	n/a
External Connector	PS/2 K/B & Mouse (mini DIN), Dual double deck USB, RJ-45, COM 1-4 (DB-9 & box header), Mic in, Line in, Line out audio jacks
LVDS Connector	One HIROSE DF13-40DP-1.25V
TV-out Connector	n/a
Audio Connector	Mic in, Line in, Line out
Power Connector	Standard 4P (+5 V, +12 V, GND)

EPIC SBC

	EPIC : 6.5" x 4.5" (165 mm x 115 mm)
Model Number	EPI-CX700
Page No.	P. 3-2 NEW
CPU	Onboard VIA Eden V4 1 GHz
System Chipset	VIA CX700M
I/O Chip	Winbond W83697HG
System Memory	One SODIMM up to 1 GB DDR2 400/533 SDRAM
Display	VIA CX700M, MPEG-2/4, WMV9 Video Acceleration
LVDS	2 x 18/24-bit
TV-out	VIA CX700M, HDTV
Audio (Codec)	VIA VT1708A, 7.1-CH
10/100M LAN	Dual Realtek RTL8100C / RTL8101L
Gigabit LAN	Optional one Realtek RTL8110S
SSD	CF Type I/II
Expansion	1 PCI-104
HDD Interface	1 x EIDE, 2 x SATA
Serial port	1 x RS-232, 1 x RS-232/422/485
USB	4 x USB 2.0
DIO	n/a
Touch Screen Interface	Optional, 4/5/8-wire resistive
Power Input	Single +12 V

3.5" Micro Module

ECM-GM965 NEW

3.5" Intel® GME965 Core™ 2 Duo SBC

- Intel® GME965 Chipset
- LVDS, Dual View, HDTV
- 5.1-CH / 7.1-CH with S/PDIF
- Dual PCIe Gigabit LAN
- 2 COM, 1 Mini PCI, 1 CF
- 1 EIDE, 2 SATA, 4 USB, 8 GPIO

ECM-945GM NEW

3.5" Intel® 945GME Core™ 2 Duo SBC

- Intel® 945GME Chipset
- LVDS, Dual View, HDTV
- 5.1-CH / 7.1-CH with S/PDIF
- Dual Gigabit LAN
- 2 COM, 1 Mini PCI, 1 CF
- 1 EIDE, 2 SATA, 4 USB, 8 GPIO

ECM-910 NEW

3.5" Intel® 910GMLE Celeron® M Micro Module

- Intel® 910GMLE / ICH6-M Chipset
- Dual View, Dual LVDS
- 2-CH Audio
- Dual Gigabit LAN
- 2 COM, 1 CF
- 1 EIDE, 2 SATA, 8 USB, 16 GPIO

ECM-CX700 NEW

3.5" VIA CX700M Eden V4 SBC

- VIA CX700M supports MPEG-2/4 / WMV9
- DVI, LVDS, Dual View, HDTV
- 5.1-CH / 7.1-CH with S/PDIF
- Dual LAN
- 2 COM, 1 PCI-104, 1 CF
- 1 EIDE, 2 SATA, 4 USB, 8 GPIO

ECM-LX800 NEW

3.5" AMD LX800 @ 0.9 W SBC

- AMD Geode LX800 / CS5536 Chipset
- TFT & LVDS, Dual View
- 2-CH Audio, Dual LAN
- 4 COM, 1 PC/104, 1 CF, 4 USB, 16 GPIO
- ITE IT8886G PCI to ISA Bridge
- Fanless Operation

3.5" Micro Module

	3.5" SBC: 5.7" x 4" (146 mm x 101 mm)
Model Number	ECM-GM965
Page No.	P. 2-2 NEW
CPU	Supports 65nm Intel® Core™ 2 Duo
System Chipset	Intel® GME965 / ICH8-M
I/O Chip	Winbond W83627HG-AW
System Memory	One SODIMM up to 2 GB DDR2 400/533/667 SDRAM
Display	Intel® GME965, Dual View
LVDS	2 x 24-bit
DVI	n/a
TV-out	Intel® GME965 Integrated, HDTV
Audio (Codec)	Realtek ALC883, 5.1-CH / 7.1-CH with S/PDIF
10/100M LAN	n/a
Gigabit LAN	Dual Realtek RTL 8111B
SSD	Type I/II CF
Expansion	1 Mini-PCI

➤ Long-life Motherboard

EMX-965GME NEW

Intel® Q965 Core™ 2 Duo Mini ITX MB

- Intel® GME965 / ICH8 Chipset
- 1 PCI, 1 CF
- 5.1+2-CH Audio, GigalAN
- 1 PCI, 3 SATA, 10 USB, 4 COM

EMX945-GME3 NEW

Intel® 945GME Core™ 2 Duo Mini ITX MB

- Intel® 945GME / ICH7-M Chipset
- DVI, LVDS, Dual View
- 5.1+2-CH Audio, GigalAN
- Intel® Graphic Media Accelerator 950
- 1 PCI, 1 CF
- 4 COM, 8 USB, 2 SATA, 16 GPIO

EMX-910GMLE NEW

Onboard Intel® 915GML Pentium® M / Celeron® M Mini ITX MB

- Intel® 82910GMLE / ICH6-M
- 6 CH Audio, GigaLAN
- 1 PCI, 1 CF
- 4 COM, 8 USB, 2 SATA

EMB-9655 NEW

AMD Geode LX800 Mini ITX MB

- AMD Geode LX800 / CS5536 Chipset
- TFT, LVDS, Dual LAN
- Optional Touch Screen I/F
- 1 PCI, 1 Mini PCI, 1 CF
- 4 COM, 4 USB, 16 GPIO

ERX965Q NEW

Intel® Q965 Core™ 2 Duo Micro ATX MB

- Intel® Q965 / ICH8 Chipset
- Intel® Graphic Media Accelerator 3000
- 8-CH Audio, GigaLAN
- 10 USB, 4 SATA
- 1 PCIe x 16, 1 PCIe x 4, 2 PCI, 1 CF

EAX945G NEW

Intel® 945G Pentium® 4 ATX MB

- Intel® 945G / ICH7 Chipset
- Intel® Graphic Media Accelerator 950
- 8-CH Audio, Dual GigaLAN
- 1 PCIe x 16, 1 PCIe x 1, 5 x PCI
- 4 SATA, 4 COM, 8 USB

Long-life Motherboard

Form Factor	Mini ITX: 6.69" x 6.69" (170 mm x 170 mm)
Model Number	EMX-965GME
Page No.	P. 6-8 NEW
CPU	Intel® socket P Core™ Duo / Core™ Solo / Core™ 2 Duo with 65nm
FSB	533/800 MHz
System Chipset	Intel® GME965 / ICH8M-DO
I/O Chip	Winbond W83627DHG-A
System Memory	Two SODIMM up to 4 GB Dual Channel DDR2 533/667 SDRAM
Display	Intel® GME965 integrated Graphics Media Accelerator X3100
LVDS	2 x 24-bit LVDS
DVI	Chrontel CH7307C

➤ Fanless Embedded System

ASM-CX700 NEW

Fanless VIA CX700M Eden V4 Micro PC

- VIA ULV CX700M 500 MHz up to 1.5 GHz CPU
- VIA CX700M Supports MPEG-2/4 and WMV9
- 5.1-CH Audio, LAN, Optional Dual GigaLAN
- 1 Mini PCI, 1 CF, 4 USB
- Optional DVI, TV-out
- 2.5" SATA HDD
- Fanless, VESA Compliance
- 182 mm x 257 mm x 25 mm

EPC-945GM NEW

Intel® Core™ Duo Tiny Box PC Micro PC

- 65nm Intel® µFC-PGA 478 / µFC-BGA 479 Core™ Duo / Core™ Solo CPU
- Intel® 945GME / ICH7-M
- 7.1-CH Audio, Dual GigaLAN
- 1 Mini PCI, 1 CF, 1 COM, 3 USB
- TV-out
- Single +12 V Power
- 2.5" SATA HDD
- 117 mm x 112 mm x 50 mm

EPC-3711/CX700 NEW

Fanless VIA Eden V4 Micro PC

- VIA Eden V4 1 GHz CPU for EPC-3711
- VIA Eden V4 500 MHz CPU for EPC-CX700
- VIA CN700 VT8251 Chipset Supports MPEG-2
- 5.1/7.1-CH Audio, Dual LAN / Dual GigaLAN
- 1 Mini PCI, 1 CF, 1 COM, 3 USB
- TV-out for EPC-CX700
- Single +5V Power
- 2.5" SATA HDD
- Fanless, VESA Compliance
- 117 mm x 112 mm x 50 mm

EES-3720/3723 NEW

Fanless EPIC-based Modular Micro PC

- Intel® Pentium® 1.5 GHz for EES-3720
- Intel® Celeron® M 600 MHz for EES-3723
- Intel® 852GM / ICH4 chipset
- Dual View, Optional LVDS
- 5.1-CH Audio, Dual LAN
- 1 COM, 4 USB
- Single +12V operation

EES-5718

Fanless Intel® 852GM Celeron® M 600 MHz Micro PC

- Intel® 82852GM / ICH4 Chipset
- DVI, Dual View
- 5.1-CH Audio
- Dual LAN, Optional One Gigabit LAN
- 1 IEEE-1394A, 1 CardBus, 1 CF
- 2 COM, 4 USB 2.0

Fanless Embedded System

Model Number	ASM-CX700
Dimensions (W x D x H)	7.2" x 10.1" x 1.0" (182 mm x 257 mm x 25 mm)
Page No.	P. 7-2 NEW
CPU	VIA Eden 500 MHz ULV up to 1 GHz CPU
System Chipset	VIA CX700M
System Memory	One SODIMM up to 1 GB DDR2 400/533 SDRAM
10/100 LAN	Realtek RTL8101L
Gigabit LAN	Optional Dual RTL8110S
Expansion Interface	1 mini PCI (hidden)
SSD	Type I/II CF
System Indicators	4 LED show power, HDD, LAN 1, LAN 2
HDD	2.5" SATA HDD
Serial Port	1 x RS-232
VGA/LCD Port	1 x DB-15, 1 x DVI (Optional)
TV out	1 x RCA jack (Optional)
Audio Port	Mic in, Line in, Line out
USB Port	4 x USB 2.0
IEEE-1394A Port	--
Parallel Port	--
Mouse & KB	1 x PS/2 mini DIN
Power Input	100~240 Vac / 50~60 Hz
Power Output	+12 Vdc / 4.16 A (50 W)

Fanless Embedded System

Model Number	EXC-2743
Dimension (W x D x H)	9.8" x 6.1" x 2.6" (249 mm x 155 mm x 67 mm)

➤ MTP Panel PC

MTP-1201 NEW

12" Medical Touch Panel PC

- 12" TFT LCD Display, Shatterproof Touch-Screen
- Onboard Intel® µFC-BGA 479 Celeron® M 600 MHz with 512K L2 Cache
- Internet Accessible
- Smart Card Reader
- 4 USB Expansion Ports
- Anti-Bacteria Plastic Housing
- IP65 Compliant Front Face Sealing
- Fanless Operation

ZIVO MTP-1502 NEW

15" Intel® Multi-functional Touch Panel Computer

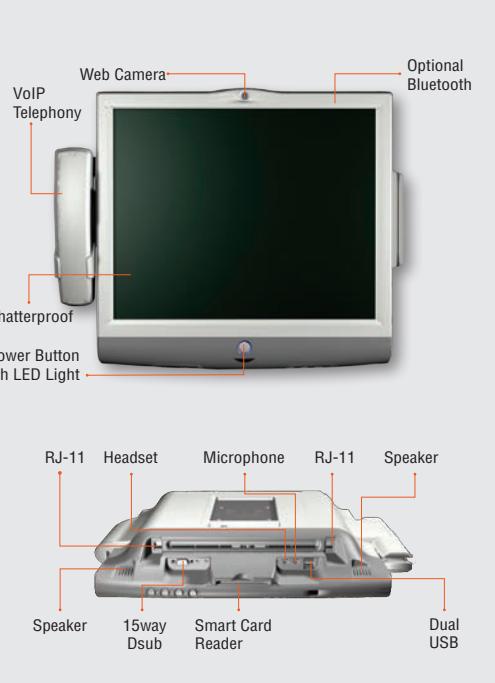

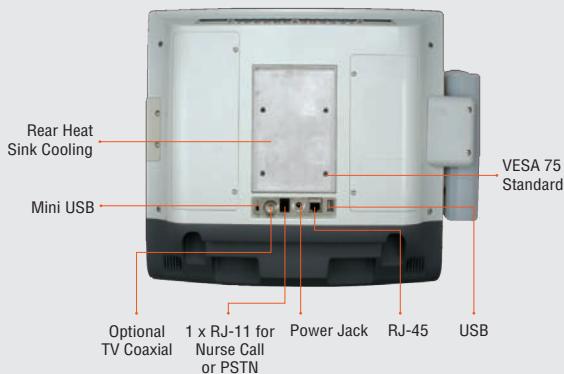

- 15" TFT Touch Screen Display
- Intel® Celeron® M 600 MHz / 1 GHz with 512K L2 Cache
- VoIP Telephony
- Internet Accessible
- Smart Card Reader
- TV/Phone/Radio Selector
- 4 USB Expansion Ports
- Optional Wi-Fi or Bluetooth
- Anti-Bacteria Plastic Housing
- IP65 Compliant Front Face Sealing
- VESA Mount (75mm, M6)
- Fanless & Soundless Operation

obie MTP-1702 NEW

17" Intel® Multi-functional Touch Panel Computer

- 17" TFT Touch Screen Display
- Intel® Celeron® M 600 MHz / 1 GHz with 512K L2 Cache
- Slimlined Design
- VoIP Telephony
- Internet Accessible
- 4 USB Expansion Ports
- Optional Smart Card Reader
- Optional Web Camera
- Optional Bluetooth (Available soon)
- Optional Analog TV Tuner
- Optional Magnetic Stripe Reader (MSR)
- VESA Mount (75mm, M6)
- Fanless & Soundless Operation

➤ Panel PC

LPC-1201/ 1001 NEW

12" / 10" Fanless Industrial Touch Panel PC

- 12" / 10" Multifunctional Touch Panel Computer
- VIA Eden V4 1 GHz, Optional ULV 1.5 G (7W)
- VIA CX700M Chipset, Supports MPEG-2/4/WMV9
- 1 Mini PCI, 1 CF, 1 COM, 3 USB 2.0
- Optional GigaLAN, TV-out
- Wide Range Temp.: -10~60°C for LPC-1201
- Fanless & Single +12V Operation

LPC-0801/ 0803 NEW

8.4" Fanless Industrial Touch Panel PC

- Onboard VIA Eden ULV V4 500 MHz / 1 GHz CPU
- One SODIMM up to 1 GB DDR2 SDRAM
- 8.4" Touch Panel, Dual LAN
- 1 Mini PCI, 1 CF, 2 COM, 2 USB 2.0
- Supports 2.5" SATA
- Fanless Operation
- Dimensions(W x D x H): 237 x 170 x 64 mm

Life Automation

POS/Kiosk/Signage

Avalue provides powerful and customized core parts for advanced POS and KIOSK machines. With experience in embedded industry, Avalue is accustomed to providing clients with stable, reliable, compact and versatile boards that help them produce an ideal and well-integrated system. To satisfy the rapidly increasing demands of this market, Avalue is developing a new generation of POS/KIOSK solutions to keep our customers ahead of their competitors.

Features:

- Applications and solutions with enhanced functions — fast networking transfer, multi-media, recording and monitoring powered by Core™ 2 Duo and advanced graphic technologies.
- Fulfils the demands of exceptional video performance by providing dual display, digital/TTL, DVI functions and etc.
- Rich I/O and legacy support for the connection of external devices, wide expansions and system integration.
- Modular design to increase system flexibility, cost-savings, ease of maintenance and speed of upgrading.
- Maximizes customers' investment efficiency by offering Windows Embedded for Point of Service (WEPOS) and software support.
- Outstanding hardware designs for harsh environments and critical conditions include IP-65 (anti-dust / waterproof), VESA compliance, compact size, smart thermal solutions, green materials (RoHS, lead-free) and ID design.

Gaming

Avalue has accumulated extensive knowledge and experience and accordingly offers a full range of industrial-grade products to fit the gaming industry. Wherever you need VLT, graphic-intensive games, special form factor boards, or mechanical designs to fit strict environments, Avalue can provide complete service to help you build a successful gaming machine.

Features:

- Fast, flexible and scalable — customized performance to suit your needs
- Long lifecycle industrial motherboard, including Mini ITX, ITX, Micro ATX and ATX form factors
- Good failure recovery capability & high-level security encryption algorithms: TPM, IC chip hopping encoders
- Sophisticated data protection: battery backup SRAM
- Powerful multimedia functions for the gaming industry
- Intel® Core™ 2 Duo, AMD + ATI's Mobility™ Radeon™, dual display, DVI, MPEG 4, PCI-E

Medical

Avalue delivers the ideal embedded boards and systems for medical terminals and has long been providing successful solutions for bed-side information, communication, entertainment terminals and mobile medical carts. Accommodating the needs of health-care professionals and patients has become a significant factor in improving healthcare performance, environment and evaluations. Avalue's products adhere to the strictest medical standards and provide unsurpassed reliability.

Features:

- Shatterproof, 5-wire resistive touch screen
- Fanless operation
- IP65: Dustproof, waterproof, anti-bacteria
- All-in-one but slim appearance
- Medical-grade certificate
- VESA standard mount
- Entertainment/Communication Provider: Audio, TV-tuner, Networking, Web-cam and VoIP

- **Embedded Computing**
- **Long-life Motherboard**
- **Computer-on-Module Series**
- **Fanless Embedded System**
- **Multi-functional Touch Panel PC**
- **OEM / ODM Service**
